DISCIPLINE POLICY

At Planet Dance, we prioritize creating a focused and distraction-free environment where students can fully immerse themselves in their dance education. Our "Time Out" sessions are designed to help students understand the importance of following instructions, respecting their instructors, and working cooperatively with their peers. We believe that these lessons in discipline and accountability will ultimately help our students succeed both inside and outside of the studio.

Our policy regarding cell phones and Apple Watches is in place to minimize distractions and disruptions during class. We understand the importance of staying connected, but we ask that students and parents respect our policy and refrain from using these devices while inside the studio. In case of emergency, we have a landline available for external communication. Dancers should either put their phone on the counter of the front desk or in their dance bags. If a dancer refuses to follow this procedure, the device will be held at the front desk and can be picked up by a parent. **NO EXCEPTIONS**

We believe that by setting clear expectations and guidelines, we can create a safe and productive learning environment for all of our students. Thank you for your cooperation and understanding.
